TERMS OF SALE

1. CONCLUSION OF THE CONTRACT

1.1 These general conditions of sale ("General Conditions"), together with the quotation, purchase order and order confirmation, as defined below, govern the sales made in Italy by Barovier&Toso Vetrerie Artistiche Riunite S.r.l. (hereinafter also "Barovier&Toso") of its products ("Product/s") to customers ("Customer/s").

1.2 The Customer transmits to Barovier&Toso a purchase order ("Order") for the Products containing the indication of the number and name of the Product; quantity desired; color; price; mode of transport. Thereafter, Barovier&Toso will send to the Customer in writing, together with its General Conditions, its quotation on what is requested in the Order and any specific terms and conditions of sale with respect to the Order (hereinafter "Quotation" or "Proforma"). The price does not include VAT, other possible taxes and customs charges, which will be borne by the Customer.

1.3 The Customer shall sign for acceptance the Quotation or Proforma and the General Conditions in their entirety and both such documents shall be returned to Barovier&Toso in writing (including by e-mail); upon receipt by Barovier&Toso of the Quotation signed by the Customer the contract of sale ("Contract") shall be deemed to be concluded under the terms and conditions contained in the Quotation or Proforma, as well as under these General Conditions.

1.4 If subsequently the Quotation or Proforma is unilaterally modified by the Customer prior to subscription ("Modified Quotation" or "Modified Proforma"), Barovier&Toso shall have the right:

- not to accept it by rejecting it in writing. In such case, in the absence of an express rejection by Barovier&Toso of the Modified Quotation or Proforma within 30 (thirty) days following its receipt, it shall be deemed accepted by Barovier&Toso and the Contract shall be concluded in accordance with the procedure set forth in the General Conditions and in the terms and conditions contained in the Modified Quotation or Proforma; or
- to make any further changes to the Modified Quotation or Proforma. In such case, such Modified Quotation or Proforma amended by Barovier&Toso shall result in an order confirmation from Barovier&Toso and shall be approved in writing by Customer.

1.5 Upon receipt of the Quotation or Proforma and the General Conditions signed by the Customer, Barovier&Toso will send the Customer a pro forma invoice for the amount to be paid by

the Customer as a security deposit ("Deposit"). In the event of default by the Customer in its obligations to Barovier&Toso, Barovier&Toso:

- may withdraw from the Contract by permanently withholding the Deposit; or
- shall demand the execution or termination of the Contract, subject to compensation for damages. In such case, Barovier&Toso will retain the Deposit received on account of the greater damages that will be ascertained and liquidated.

1.6 Upon payment of the Deposit, Barovier&Toso will issue the corresponding invoice and begin the execution of the Order within the agreed terms.

2. PACKAGING

2.1 Barovier&Toso's standard packaging is in cardboard and is included in the price. If requested in advance by the Customer, Barovier&Toso is available to provide wooden crates at an additional cost that will be communicated to the Customer in advance.

3. TRANSPORT

3.1 According to our sales agreement. All sales conditions are clearly stated in our order confirmations and invoices.

4. DELIVERY - TERMS

4.1 Barovier&Toso will make every effort to meet the agreed delivery terms. However, the Customer is aware that the delivery dates or periods indicated in the Order Confirmation are merely indicative and shall not be of an essential nature for Barovier&Toso.

4.2 In the event that the Customer is unwilling or unable to receive the Products after they have been made available by Barovier&Toso for reasons other than Force Majeure (as defined below), Barovier&Toso shall have the right to require the Customer to pay an additional amount on a monthly basis for warehouse costs (storage, handling, insurance, etc.) equal to 2 (two) percent of the price of the Products, starting from the sixtieth day from the date of making the same Products available. The Customer is aware that failure to pay the remainder of the price (minus any Deposit paid) and/or any additional amount for warehouse costs for delayed collection or failure to collect the Products within 6 (six) months from the date on which they were made available to the Customer may be considered by Barovier&Toso as final cancellation of the Order by decision of the Customer. Barovier&Toso, therefore, may withdraw from the Contract by definitively withholding the Deposit; or it may request the execution or termination of the Contract, subject to compensation for damages. In this

case, Barovier&Toso will retain the Deposit received as compensation for the greater damages that will be ascertained and liquidated.

4.3 In the event of a delay in the delivery of the Products due to causes beyond Barovier&Toso's reasonable control such as, but not limited to, transportation problems, delays or non-deliveries by its suppliers of the materials necessary for the realization of the Products, force majeure, etc., Barovier&Toso shall have the right, at its own discretion and giving timely notice to the Customer, to extend the delivery term consistent with the delay not attributable to it, or to cancel the Order and return the Deposit. In either case, Barovier&Toso shall be exempted from any liability, additional to that already provided, to the Customer with respect to delayed or non-delivery.

4.4 "Force Majeure" constitutes the occurrence of an event or circumstance ("Force Majeure Event") that prevents a party from performing its contractual obligations if, and to the extent that, that party proves: (a) that such impediment is beyond its reasonable control; and (b) that the event could not reasonably have been foreseen at the time the Contract was entered into; and (c) that the effects of the impediment could not reasonably have been avoided or overcome by the party affected by the Force Majeure Event.

4.5 In the absence of proof to the contrary, the following events suffered by a party are presumed to constitute a Force Majeure Event: (i) war (declared or undeclared), hostilities, invasion, acts of a foreign enemy, extensive military mobilization; (ii) civil war, riot, rebellion, revolution, military force or usurpation of power, insurrection, acts of terrorism, sabotage or piracy; (iii) currency or trade restrictions, embargo, sanctions; (iv) acts of authority, lawful or unlawful, compliance with government laws or orders, regulations, sanctions, expropriation, confiscation of property, requisition, nationalization; (v) plague, epidemic, pandemic, natural catastrophe or extreme natural events; (vi) explosion, fire, destruction of equipment, prolonged suspension of transportation, telecommunications or energy; (vii) generalized social conflicts, such as, in particular, boycott, strike and lockout, white strike, occupation of factories and buildings; significant increase in costs and/or non-availability of materials necessary for the manufacture of the Products independent of Barovier&Toso's will.

4.6 The party invoking this clause shall be released from the obligation to perform its contractual obligations, from any liability for damages or

other contractual remedy for non-performance, from the time when the event inhibits the performance of the relevant contractual obligations, provided that the same has been notified in writing to the other party without delay. Where notice of the event has not been given in a timely manner, the release will take effect from the time the notice reaches the other party. The other party may suspend performance of its obligations, if any, from the date of the notice. Where the effect of the impediment or event invoked is temporary, the above consequences will occur only to the extent and for as long as the impediment or event invoked inhibits the Party affected by the Force Majeure Event from performing its contractual obligations. The Party affected by the Force Majeure Event must inform the other party as soon as the impediment ceases to prevent the performance of its contractual obligations. If the duration of the impediment invoked has the effect of substantially depriving one or both contracting parties of what they could reasonably expect under the Contract, each party shall have the right to terminate the Contract by promptly notifying the other party. The parties agree that, in the absence of a different agreement, the Contract may be terminated by either party if the duration of the impediment exceeds 120 (one hundred twenty) days.

5. PRICES - TERMS OF PAYMENT

5.1 The prices, terms, and terms of payment for the Products are set forth in the Quotation or Proforma.

5.2 The occurrence of any disputes, even in court, does not in itself permit suspension of payment for the Products.

6. FAILURE OR DELAY IN PAYMENT

6.1 In case of delay of the Customer in the payment of the price or instalments thereof within the agreed terms, default interest will be charged to the Customer equal to the interest rate published in the Italian Official Gazette increased by 2% (twopercen). Should this be a commercial transaction, Article 5 of the Legislative Decree no. 231/2002, as amended, will apply. All in addition to bank charges and any costs incurred by Barovier&Toso for the default.

6.2 In case of late or non-payment, Barovier&Toso is entitled to cancel the Contracts in progress with the Customer and to suspend all deliveries of the relevant Products. Barovier&Toso's right to compensation for damages is in any case unaffected.

7. RESERVATION OF PROPERTY

7.1 The sale of the Products is made

with reservation of title in favor of Barovier&Toso in accordance with art. 1523 et seq. of the Italian Civil Code and the Customer will acquire ownership upon payment of the balance of the agreed price.

8. CLAIMS, DISPUTES AND RETURNS - WARRANTY AND LIMITATION OF LIABILITY

8.1 Under penalty of forfeiture, claims relating to incomplete or erroneous deliveries or relating to non-conforming or defective Products must be made in writing, together with shipping marks, within 8 (eight) days of receipt of the Products, or of discovery of the defect in the case of a hidden defect.

8.2 Upon delivery of the Products, the Customer must check the condition of the packages and possibly check their contents in the presence of the carrier's personnel. In case of clear signs of damage, the Customer must immediately make a written reservation to be placed on the documents accompanying the Products and inform Barovier&Toso.

8.3 Under no circumstances may the Customer intervene on the Product deemed to be dissimilar and defective, not even for the purpose of removing the defect. It must be kept by the Customer and made available to Barovier&Toso for the appropriate checks. Under no circumstances may Products be returned without the prior authorization of Barovier&Toso. In case of unauthorized return, the shipping costs shall be borne by the Customer, unless otherwise agreed, without prejudice to the reimbursement of the same by Barovier&Toso, in case of ascertained defect.

8.4 In the event of an ascertained defect, Barovier&Toso shall, at its own discretion, replace the Products free of charge within the time normally required for their manufacture or issue a credit note for an amount equal to the value of the Products acknowledged to be defective. This is the sole and exclusive warranty issued by Barovier&Toso and in no event shall Barovier&Toso's liability, including for direct or indirect damages that may occur to the Customer in connection with the Products and their manufacture, exceed an amount equal to the price of the Products actually paid by the Customer.

9. ORGANIZATIONAL MODEL

9.1 The Customer is aware that Barovier&Toso has adopted an organizational, management and control model pursuant to the Legislative Decree no. 231/2001 ("Model"), and, as part of that Model, its own code of ethics ("Code of Ethics").
